IMPACTING OUR COMMUNITY

HEALTH

OUR COMMITMENT

Help children and adults in our community thrive through an integrated approach to health and wellness that creates good habits for life.

EDUCATION

OUR COMMITMENT

To promote school readiness and early childhood education and equip individuals and families for success throughout every life stage.

SELF-SUFFICIENCY

OUR COMMITMENT

To provide support for every individual to become financially stable and take steps towards the goal of being self-sufficient.

The commitment of Brookings Area United Way to fight for better health, education and self-sufficiency for every person in our community remains constant and can be seen in action through internally run programs and through the work of our Funded Partners.

These commitments are met through our Funded Partners and coalitions such as Social Net Works, the Mental Health Coalition, and Brookings Council of Nonprofits. Our partners include government, other nonprofits, service clubs, businesses, and you. Every donation

makes a difference and makes an impact. Together we can tackle the most pressing community social issues.

We make these promises, but we can only keep them by working together. Growth happens during times of trial. Innovation & partnerships are created when life is disrupted. This last year has given all of us time to reassess our routines and our values. By coming together, we remain resilient, we remain strong. Together we Live United.
